

## **[B] Questions for the District Council**

### ***Policy GDH1b***

*Is the possibility anticipated for a direct access into the site from Wenman Road (in part 2a of the policy) realistic and achievable?*

*I am happy for the District Council to liaise with the County Council (in its capacity as the highways authority) on this matter.*

#### **District Council response:**

We have discussed the matter with the Highways team at Oxfordshire County Council who have indicated that it is not possible to rule out that a direct access into the site from Wenman Road would be achievable and that it would need to be discussed and explored further as part of a pre-application or planning application on the site.

### ***Policy GHD1d***

*Is there a timetable for the determination of planning applications P23/S4262/FUL and P22/S2418/FUL?*

#### **District Council response:**

The current proposals under P23/4262/FUL effectively supersede P22/S2418/FUL. In terms of the latest application, we are awaiting amendments to deal with several outstanding issues and will need to reconsult technical consultees and third parties. At this stage, we do not have a timescale for determination.
